Santa Clara Valley Science and Engineering Fair Association
P.O. Box 307, Los Altos, California 94023 • 650-856-1289
www.science-fair.org
Celebrating Consecutive Regional Science Fairs Since 1960
Affiliated with the Intel International Science and Engineering Fair

MENTOR PROFILE FOR STUDENTS TO REVIEW

Please fill in the appropriate information boxes below, and email this document to
rvwcwl@yahoo.com for posting on our website *www.science-fair.org.*

Last name:
Hankins

First name:
Carol

College and degree(s) earned:
BA, Applied Physics, UCSD; MA, Computer Science, UCB

Email address: contact mentors@science-fair.org

Web page (if applicable):

Phone number and available hours to call:

Your background summary: (Please limit to 200 words)
Computer science is my background and I've been in this area for my professional career. I've been a programmer, a development manager, a QA manager, and a product marketing manager for software products.

Briefly write about your science and/or engineering interests:
My main experience is in computer science, but I also enjoy engineering and robotics projects.

Projects from which scientific category (one or more) would you be interested in mentoring? Categories are explained in detail at http://synopsys.championship.googlepages.com/scientificcategoriesforprojects.
I would enjoy any project at the 6-9th grade level.

If you are a past Science Fair Judge, list scientific categories which you judged:
Past Science Fair judge in Computer Science, and once a category judge in Math / Computer Science.

If you are a past Science Fair Judge, list fairs by name in which you participated (local school fair, Synopsys Championship, CSSF, ISEF, etc.)
