

Larke Reeber

Personal Affiliation: Retired engineering manager/current biology student

Background: Participated in science fairs from 6th-12th grade, winning many awards in high school at local to international levels. BS EECS from UC Berkeley, MS EE from Stanford. Worked for large to start up companies in high tech for over 35 years. Currently, working on MS in Biology (Ecology and Evolution) at SJSU.

Joined the Board: 1978

Board positions: *Current:* Policy Committee, Historian

Past: President, Treasurer, Secretary, Fundraising, Category Judging Chair, Sponsored Awards Chair, SRC

What attracted you to serve on the board? My participation in science competitions in high school was my ticket out of a small poor, rural school district without challenging classes. I consider science fair both fun and beneficial.
